THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (KUMARI GIRIJA VYAS): (a) The existing TV transmitter functioning on 10 KW power at Bhopal is not expected to provide TV coverage to the entire State of Madhya Pradesh. Besides this transmitter, 53 transmitters of varying powers are providing coverage to an estimated 57.4% population of the State.

(b) and (c) It is proposed to link all the TV transmitters in the State of Madhya Pradesh with Doordarshan Kendra, Bhopal *via* satellite mode of linkage. Whereas the TV Studio Centre at Bhopal has been made technically ready, the Uplink Earth Station at Bhopal is in advanced stage of completion. The regional service will be introduced subject to the availability of adequate space segment capacity.

(e) if so, the details thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (KUMARI GIRIJA VYAS) : (a) and (b) Yes, Sir.

(c) The main recommendations of the Inter-Departmental Committee to study various aspects of establishment of Cable TV Networks and Dish-Antenna Systems are given in the statement. (*See* below).

(d) and (e) The recommendations of the Committee are under consideration of the Government.

Statement

The main recommendations of the Inter-Departmental Committee are summarised below :—

1. The establishment of cable TV networks (without dish antenna) may be permitted after devising an appropriate regulatory mechanism to cover their operation both within private premises and across public property ;

2. The licensing of a dish antenna should be permitted only on the condition that the programme received are not redistributed through cable or otherwise ;

3. It is necessary to enact, a separate legislation which specifically addresses it self to rgulating cable TV network operations in the country ;

4. Such an enactment and the rules and orders issued there-under could also clearly bring out the licensing procedures to be observed in the matter of establishment of cable TV networks as also technical and other parameters within which these networks are to function ;

5. The comittee feels that it will be appropriate that the functions of licensing are delegated to the State Governments ;

6. The Committee recommends establishment of a National Cable Authority to coordinate all matters regarding regulation of cable TV :
